

Special Emergency Collections

The SJC may, with the concurrence of the Board Chair and a minister, in response to disasters, hold up to two special collections per calendar year during the Sunday service.

The decision to hold such a collection may originate with any church member, but must be approved by a majority of the SJC. This approval may be accomplished electronically.

The Chair of the SJC, or his designee, will arrange with the minister on the next Sunday, who will actually make the solicitation (i.e., the minister or someone from SJC).

The amount collected and the organization to which it is sent will be conveyed to the congregation via the CLUUC newsletter and webpage.

The motion was passed unanimously.
