

Board Representation on Committees and Task Forces

The Board Policy Manual states “...each Board member is asked to participate in one or more Board Committees or Task Forces...”

In addition to other such signup sheets circulated to Board members at the beginning of each church year, e.g. closing words signup, we could circulate one for Committees. It could be on the agenda of Board Retreats.

This Appendix is included to gather your google doc Suggestions on the idea, and in preparation for seeing it at the next Board Retreat. For each year the lists would be updated, especially Task Forces. We are not asking you to fill in your name now.

Unsung Heroes	But although the Board coordinators can try to emphasize actually awarding the “unsung”, the current process relies on nominations which tend to be for people who are well known and heavily involved. As such, it does not foster the idea of being open and inclusive.
